

POLYLEWTON® STACK-N-NEST CONTAINERS

LEWISBins+ Polylewton containers are ideally designed for use in general manufacturing, food processing and distribution applications. These rugged totes are resistant to the damaging effects of oil, most chemicals, solvents, water and steam for an extended service life in your facility.

- Easy Stack-N-Nest® design for maximum space utilization. Containers stack when full, with or without covers, and nest when empty, at alternating 180° positions.
- Manufactured in high-density polyethylene.
- Blue and grey containers are FDA approved for direct food contact.

- Resistant to rust, corrosion and temperatures ranging from 0°F to 120°F.
- Easily cleanable and ideal for handling unpackaged product. No sharp edges, burrs or splinters.
- Maximum load capacity of 70 lbs. per tote, bottom container supports 300 lbs. stacked.
- Textured bottom on selected containers ensures compatibility with conveying equipment.
- Compatible with many racking and shelving styles.
- A variety of **Hole Patterns** are available for increased ventilation and drainage.
- Many Polylewton containers and covers are manufactured with **Security Holes** to accommodate security ties and hang tags.
- Available options include **Cardholders, Hot Stamps** and **Molded-In Identification**.
