Space Saver

With the use of Rapid Rack Tee Posts you can combine add-on units with individual Space Saver units to arrange economical rows of shelving. Start each row with a Space Saver unit and join the desired number of add-on units to complete the row.

EXAMPLE: 1 Starter unit and 2 Add-Ons

Angle posts from starter unit are used at each end of the row. DRB's are required on top and bottom levels for rigidity.

See Capacity Chart
